

COUNSELLORS VICTORIA IS PLEASED TO OFFER THE WORKSHOP 'HOPE: EFFECTIVE TOOLS TO GUIDE CLIENTS OUT OF DESPAIR.'

DR. TOM EDWARDS & DR COSIMO CHIERA of 'Natural Intelligence Pty Ltd' will present a three-hour workshop on understanding the psychological basis to 'Hope' and offer practical therapeutic approaches to instil 'hope' in clients across a variety of clinical contexts including depression, palliative care and loss / grief. This workshop has been specifically designed for counsellors, pastoral carers, psychologists and social workers. It is being offered at a dramatically reduced cost to CV members.

A Beacon of Hope breathes vigour into people's lives. www.naturalintelligence.com.au

Workshop outcomes:

- Understand the difference between wishful thinking, optimism and hope
- Learn a simple therapeutic framework in which to do effective 'hope work' with most clients
- Learn to work deliberately and differently with various client groups.
- Learn how occupational factors influence a client's sense of hope.

Certificate of attendance issued.
